

USEFUL ACCESSORIES

For iPads, tablets and alternative devices

TABLET BUDDY:

Inexpensive and fun to use the Tablet Buddy safely supports your iPad at a convenient 45 degree angle. The Buddy reminds us that communication and education are fun, welcoming your device with open arms.

Advantages:

- Manufactured from high quality aluminum
- Sleek, protective powder coat finish
- Strong, durable and lightweight
- Works well with various tablets, eReaders and some alternative communication devices.
- Fun

IPAD SECURITY PLATE:

The CJT iPad Security Plate works with the entire line of CJT mounting equipment. The iPad security plate keeps your iPad both secure and accessible. Designed with a theft deterrent option the iPad Security Plate locks easily to a wheelchair and other adaptive equipment using a standard lock and cable.

Advantages:

- Manufactured from high quality aluminum
- Sleek, protective powder coat finish
- Strong, durable and lightweight
